is reduced by 50 p.c., the question of contributing from the State Grant of 1924-25 would be considered.

2 A revised estimate for Rs 4575 has been accordingly recd for sanction & the contribution of the Arkalgud Mohanadas towards the cost is Rs 2260-1-11. The amount of contribution expected out of the State Grant is Rs 2254-14-1. From the statement furnished by the Mys: Govt in the Jummamasjid file, it will be seen that the Mys: Govt has already provided a sum of Rs 2215-14-1 for the work out of the State Grant. The balance of Rs 39 required appears to have been omitted by wrong calculation

28/12/24

Respected Sir,

We the undersigned on behalf of the Mohammadens of Arkalgud Town respectfully beg to represent the following with an humble prayer that our long felt want may kindly be satisfied at your benign threshold.

There is a Mosque in Arkalgud Petta and this has been in disrepair for over 25 years. The Mohammadens are poor and not in a position to bear the cost of a new construction. The Muzrai commissioner happened to visit Arkalgud abour 24 years back when the Moharmedens aprroched him with a representation to get them a Mosque built at Government cost and were told to contribute their quota of subcription and that the remaiaing would be raid by the Muzrai Department. A sum of Rs. 500/- was collected and deposited in the treasury.

The matter has been pending since then and we have been representing our grievance to all the Officers that have been in-charge of the District these 24 years. We also approached Sir. M. Viswesvariah the then Dewan of Mysore and His Highness the Maharaja during their visit to Arkalgud and they pleased to accord us their kind promise for the construction of a new Mosque.

We have augmented our quota of contribution from time to time and it is deposited in the Goverment Savings Banks at Arkalgud as follows:-

Savirgs Bank Account No.				Amount.		
(1)	395	...	...	...	1318	5 4
(2)	471	...	...	...	498	2 11
(3)	516	...	...	...	653	0 0
					2469	8 3

It is learnt that the records connected with this affair have been forwarded to the Deputy Commissioner, Hassan to the Muzrai Commissioner's Office with a recommendation to approve of the construction of the Mosque supplementing our contribution by a Government grant. The records are accompanied with a plan and an estimate scrutinized by the Executive Engineer.

The existing Mosque is in a very bad condition any may come down at any moment. The rains have ceased and in Malnad, the season of constructing buildings has commenced. It is earnestly prayed that the lond promised Government grant may kin-dly be sanctioned and orders issued to begin the construction of the Mosque very early.

For this act of kindness and charity we shall ever pray the Almighty God to shower his choicest and blessings upon you and yours.
